The Program:

With an emphasis on over the top fun, through exciting land and water-based activities, Camp Skein provides both guided and supportive outlets for grief and remembering in a tranquil, natural, child friendly environment. Camp Skein has the following goals for your children that we take from the flight of the geese:

- ✓ Gain strength through friendship.
- ✓ It's ok to ask for help and lean on each other.
- ✓ It's good to take turns being the support and the supporter
- ✓ Communication is the key to just about everything.
- ✓ We are not alone
